

GU DEN INTRODUCES LEG LEVELING GLIDES

The H. A. Guden Co., Inc. is pleased to introduce an all new line of Leg Leveling Glides. Our glides are very competitively priced and available for immediate shipment. Features include:

- Stem heights ranging from 1.00" to 2.50"
- Standard thread, slotted or square point styles for adjustability
- Hex or round base style
- Metal or plastic foot
- Swivel or rigid stem
- Plain steel
- Zinc plated for durability

Typical Applications:

- Furniture
- Sheet metal enclosures
- Gaming units
- Cabinetry
- Vending machines
- Kiosks
- Dividers
- Point of purchase displays
- Shelving
- Small machines
- Appliances

Custom glides can also be supplied to meet individual requirements. For immediate pricing and delivery information as well as technical drawings (PDF's are available for download), please call us or visit our website.

Established in 1920, H. A. Guden Co., Inc. is an ISO 9000 registered company that offers a complete line of hinges, handles, gas springs & dampers, latches and other hardware—for industrial, marine, military and other applications.
